

At SEDE, we believe every cocktail tells a story.

Our menu is a journey through time: we begin in the PAST, with our take on classic cocktail culture; move into the PRESENT, where sustainability and gastronomy meet; and look towards the FUTURE, where we explore flavour science and modern techniques.

Along the way, you'll find our House Classics: timeless recipes with our own twist and a selection of Mini Cocktails, designed for tasting, sharing, or simply feeding your curiosity.

Choose where to start.
We'll take care of the rest.

During the Prohibition era, cocktails were both secret and craft. With limited resources and improvised techniques, icons were born — drinks that shaped the history of cocktail culture. In this section, we revisit some of those classics and bring them back to life.

Xiripiti (non-alcoholic available) 11,9€

→ *citrus & earthy*
